[PLAN DESIGN](#)

[AMENDMENT—MARCH 5, 2008](#)

The original RFP may have inferred on Pages 5 and 6 "Background Information" that a deductible would apply to the current prescription drug plan. The HIRSP 1,000, HIRSP 2,500 AND HIRSP 5,000 plans have a **medical deductible, but no prescription drug plan deductible**. The HIRSP HSA Plan has a combined medical and prescription drug deductible.

HIRSP recently added a maximum out-of-pocket to the Plans. The plan design is described in this table.

| <b>PRESCRIPTION DRUG PLAN</b>       | <b>HIRSP 1000</b> | <b>HIRSP 2500</b> | <b>HIRSP 5000</b> | <b>HIRSP Medicare Supplement (SPAP)</b> | <b>HIRSP Health Savings Account</b> |
|-------------------------------------|-------------------|-------------------|-------------------|---|-------------------------------------|
| <b>Prescription Plan Deductible</b> | \$0               | \$0               | \$0               | \$0                                     | \$3,500 combined                    |
